**Directions B:** PTH 59 South from St. Malo to Roseau Rapids Road North just north of Roseau River; turn west (right) on Road 13N for 2 miles; at T turn north (right) for 1 mile to Senkiw then 1/4 mile west (left) to iron archway.

**Description B:** Park at iron archway and hike trail to Swinging Bridge. To extend your walk, continue on loop described in Access Point A.

**To See:** Senkiw Swinging Bridge; Roseau River

**History:** \*Swinging bridge originally built in 1946 as a crossing for children attending Senkiw School. Bridge rebuilt in 2004 by local volunteers who sold bridge planks to raise funds.

\*Roseau River has a steep gradient as it winds its way from Northern Minnesota, through sandy forests of south eastern Manitoba towards the prairie near the Red River. This creates a fast flowing fun paddle in early spring. The undisturbed riparian zone offers many varieties of wild flowers.
