

## Snowshoe & Brew (or Hot Chocolate)

For a frosty good time, come and explore the Crow Wing Trail in the Old St. Adolphe Park in Winter in the morning. Bring your own or rent a pair of snowshoes from the St. Adolphe Pharmacy and stomp your way around the Crow Wing Trail. Take the time to read the historic map produced by internationally known artist Real Bérard. Trails in Old St. Adolphe Park and along the Red River north of the park are the perfect location for snow shoeing and to keep protected from the windchill. Finish off your trail by passing by the St. Adolphe Heritage Mural on Main Street on your way to the St. Adolphe Motor Hotel for a bowl of homemade soup and a pint or Wings on Monday Nights, or a hot chocolate from St. Adolphe Esso.

Finish your day, by stopping by the Home of the Guinness Book of World Record's Largest Snow Maze! Enjoy warming areas with bonfires, slide down the giant snow mountain, relax in the warming barn or hop on a sleigh ride! Opens at the end of December. For those with a little more time and scheduling capacity - consider taking in the St. Adolphe Winter Carnival (end of January), the Curling Club Bonspiels, or Public Skating at the Arena or outdoor rink in Garden Ridge Park (north development).

Should you find yourself in the area in the summer – follow the same trails on your mountain bike and stop in at the St. Adolphe Drive Inn for the St. Adolphe Burger, poutine, and gelato! Take an after meal stroll to visit the Chimney Swift Path to learn why St. Adolphe is the Nesting Capital of Manitoba for this species at risk.
